PROFESSIONAL SUMMARY

Finance graduate and CFA Level I candidate with hands-on experience in financial reporting, accounting operations, and audit support across two internships. Currently contributing to month-end MIS reporting, year-end audit preparation (Ind AS & US GAAP), GST reconciliation, and process automation at a US-based technology firm. Proficient in Tally ERP, Excel-based financial modelling, and financial statement analysis, with a strong foundation in compliance, controls, and variance analysis.

EXPERIENCE

Finance Intern | SPAN.IO Technology India Pvt. Ltd.

Mar 2026 – Present

- Processed 200+ vendor invoices monthly in Tally ERP, including TDS deductions (Sec. 194C / 194Q) and Reverse Charge Mechanism (RCM) entries, ensuring compliance with Indian tax regulations.
- Prepared monthly MIS reports covering Trial Balance, Income Statement, Balance Sheet, Budget vs. Actuals analysis, and cash flow statements in the company's internal reporting format.
- Supporting year-end financial statement preparation for statutory audit in both Ind AS (Indian GAAP) and US GAAP formats, including currency translation adjustments from INR to USD.
- Automated the monthly GST Input Tax Credit (ITC) reconciliation workflow tracking HSN codes, GST numbers, and applicable rates across vendor invoices eliminating manual errors and reducing processing time.
- Coordinating with auditors on documentation, financial data validation, and schedule preparation for FY 2025-26 year-end closure.

Summer Intern | A P Kunjithaya & Co., Chartered Accountants

May 2025- July 2025

- Assisted audit teams in reconciling client financial accounts and verifying supporting documentation for statutory compliance.
- Conducted GST filing verification and financial statement checks, ensuring regulatory and reporting accuracy.
- Streamlined Excel-based documentation templates, reducing manual reconciliation effort for recurring audit procedures.
- Supported audit testing procedures including control checks and financial data validation across client accounts.

Accounts Intern | Coastal Sales & Service

May 2024

- Managed accounts receivable and payable cycles, processing 100+ financial transactions weekly in Tally ERP.
- Performed monthly account reconciliations between ledger balances and source documents, identifying and resolving discrepancies.
- Prepared monthly financial reports and variance analysis to support management decision-making on cash flow and operations.

EDUCATION

B.Com (Finance) | St. Joseph's College of Commerce (Autonomous)

Jun 2025

CGPA: 7.09

CFA Level I | CFA Institute

Nov 2026 (Appearing)

Registered Candidate — Financial Reporting, Equity, Fixed Income, Corporate Finance

PROJECTS

Equity Valuation – Tata Motors Ltd. (Ongoing | Independent Research)

- Built an integrated three-statement financial model using historical data; projected revenue, margins, and free cash flows.
- Developed a DCF valuation model with WACC estimation and sensitivity analysis across key assumptions.
- Performed comparable company analysis (P/E, EV/EBITDA multiples) to benchmark against industry peers.
